Background

Women's Care of Mid-Cities P.A. in Euless, TX, is a private OB-GYN clinic specializing in gynecology, reproduction, and women's health. They provide care for women through all phases of life (adolescence through menopause) in a personal, considerate, sensitive, and knowledgeable way. They encourage their patients to participate in their healthcare and welcome their input and questions.

Purpose

My website aims to provide women with information on the most common STDs and their treatment options. I hope for this information to help women feel more confident with their health. In the future, I would like to incorporate more health education for women starting at a young age. I hope this site can provide baseline information on STDs and create more advocacy for educating women about their health.
